Why BUSINESS SETUP IN UAE

The Burgeoning Economy:

UAE has the most liberal trade regime in the Gulf. For the last 40 years, it has been an open economy with high per capita income and high annual trade surplus.

Legal Framework:

UAE government wants to drive the economy through foreign investments and to help achieve that, they have revised their legal framework for foreign investors who are willing to start a business.

Infrastructure and amenities:

The government of UAE has left no stone unturned in ensuring the foreign investors face absolutely no troubles in running their businesses.

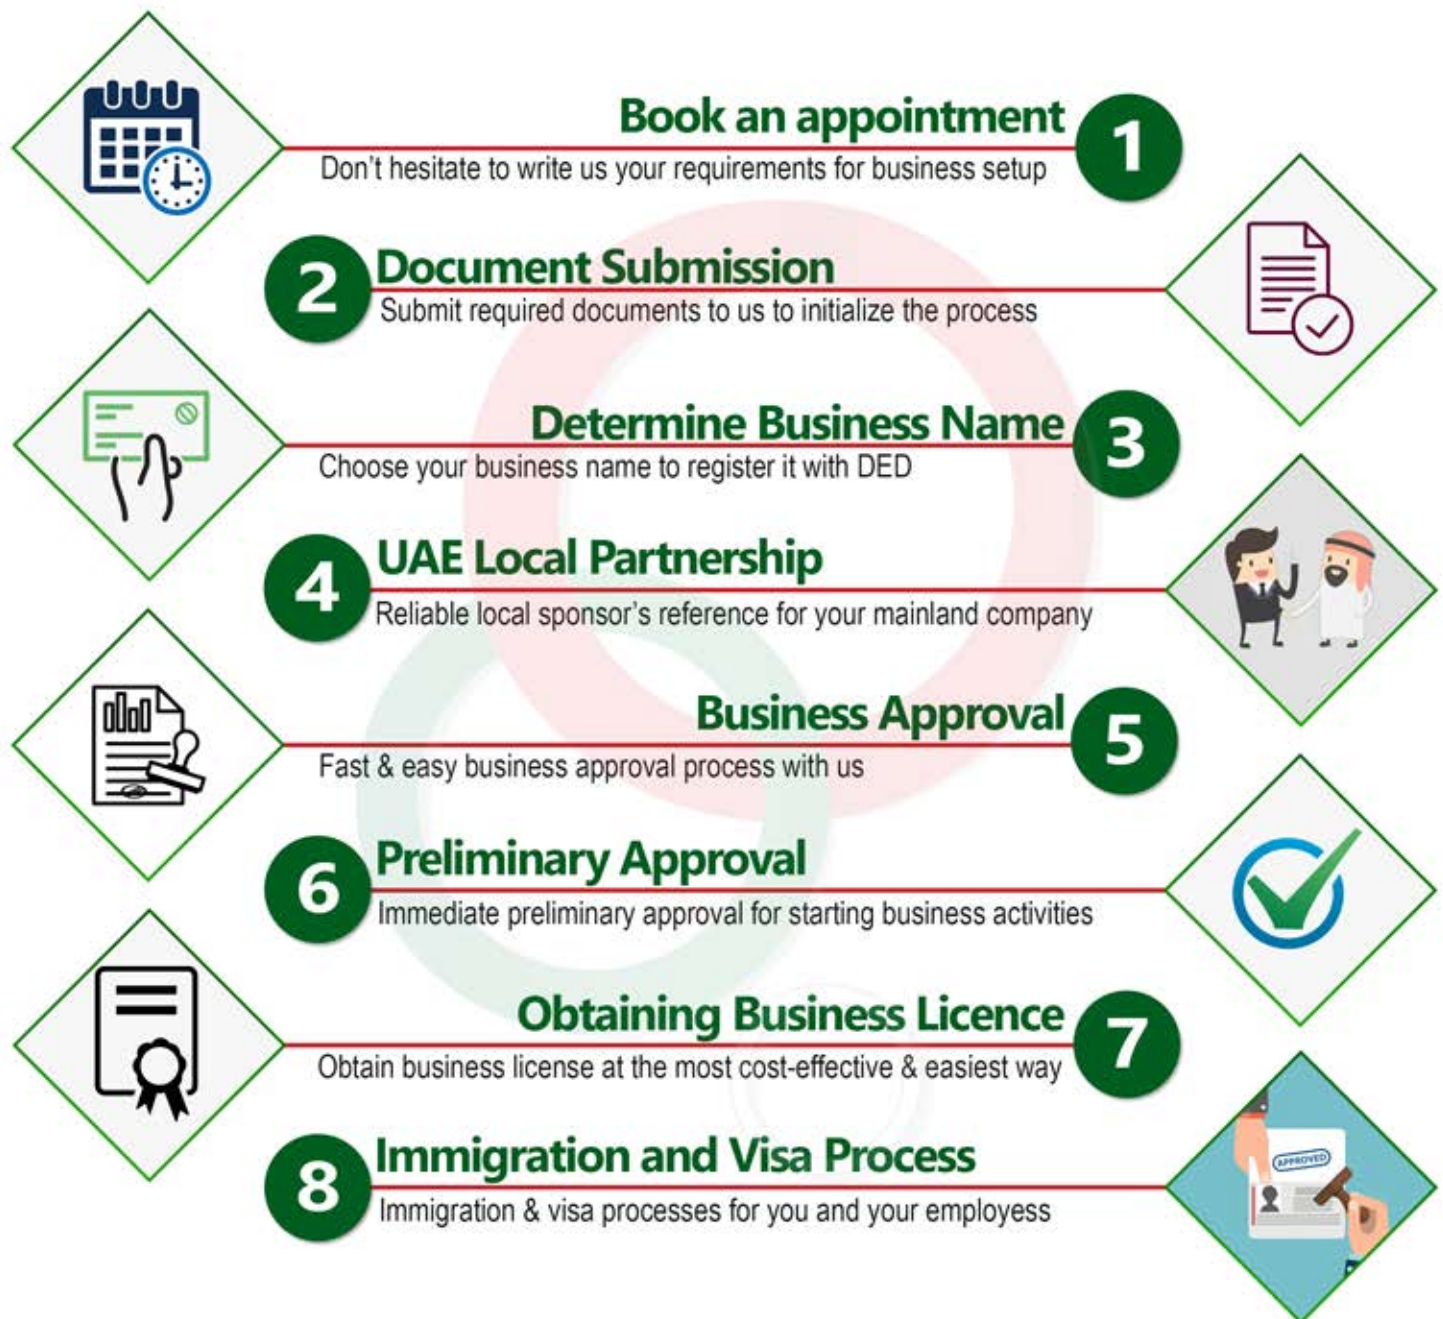

Tax exemptions:

One of the major hassles of opening a business in a foreign territory is developing the understanding of their tax laws and maneuvering your business in such a way that you have minimum taxes to manage.

So, are you excited to start up your own venture in UAE? If yes, then prep up your business idea and get in touch with an international business setup consultant at Business Link UAE
